Supporting evidence

Company self-evaluation against the SoL Evaluation Rubric

Statement by EduEvidence's College of Reviewers

The company's self-evaluation against the four criteria: active, engaged, meaningful, and collaborative learning; together with its supporting evidence, was reviewed and scored at a high level.

Key reviewers:

Rachel Foster, Natalia
Kucirkova and
UNESCO Global Alliance
on the Science of
Learning for Education

EduEvidence considers impact in five areas: Efficacy, Effectiveness, Ethics, Equity and Environment.
This certificate is valid until June 2028
