Genio is a note taking tool that has been designed to improve learning, boost grades and reduce stress in the classroom.

With Genio you are able to:

● Record your lectures, transcribe audio, add classroom visuals and personalise your notes with text, images or doodles.
● Practice with AI quizzes, and get to the point with summary outlines.

With Genio, 89% of users have improved how they learn. Don't miss out on this amazing opportunity to take your studies to the next level!

Genio Notes is available on Web, iOS and Google Playstore.

If you have any questions or would like a demo, feel free to contact the [Support Team name] at [Support Team email address].
