Key features and how they support your learning in class

Quiz Me

You can now test yourselves on class content using AI which provides multiple choice questions.

Outlines

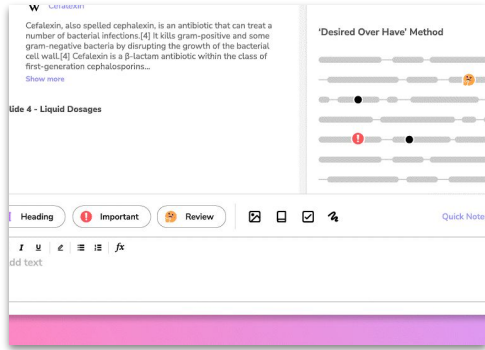

Genio will automatically provide summaries of your transcript to help you find those key moments easier.

Scribble

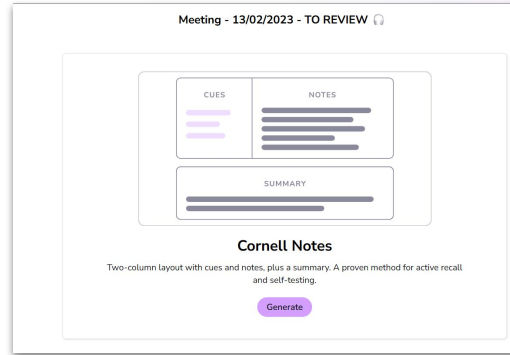

You can now access handwritten notes within Genio Notes. Draw, doodle and engage in class better than ever before.

New features ★

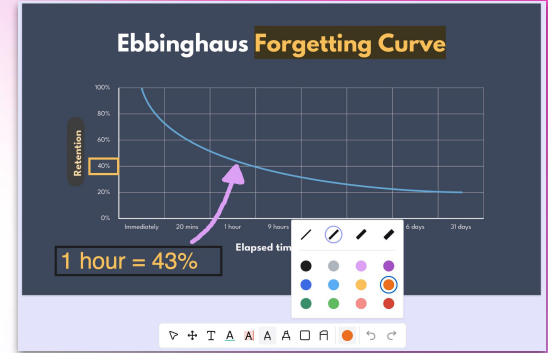

Equation and formula support

You can now add custom formulas and equations to Genio Notes. They'll automatically appear in your Quizzes, Outlines, and Transcripts.

Study Notes

Automated notes at the click of a button. Structured using real note-taking techniques like the Cornell method - organised in a way that supports recall, not just reference.

Annotate slides

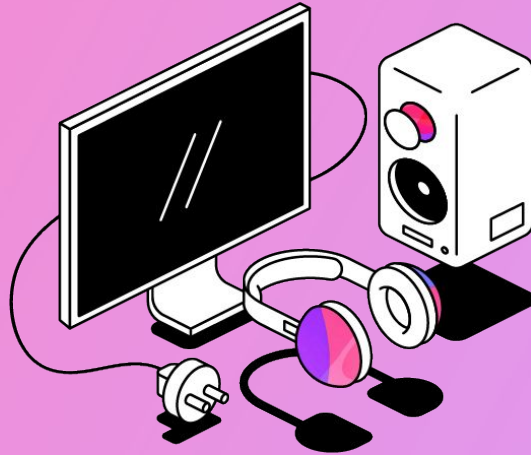

You can now draw directly onto the slides or PDF's that you insert into an event. Use highlighters, add text and more.
